Brief description of Project The City of San Gabriel seeks to develop a master plan for the renovation of Vincent Lugo Park. Grant funds will allow the City to move beyond a mere upgrading of existing park improvements to creating a master-planned partnership involving the City, the San Gabriel Unified School District, the Los Angeles County Flood Control District, and the Community. The result would be a renovation of the park that sensitively enhances the park's interface with Alhambra Wash, while educating the community about the watershed.		
I certify that the information contained in this Project Application form and Application requirements is accurate.
